

WANTED

Curtis L. Flood , MD

Harvey L. Harris Jr., MD

By Christ, to Stop Killing Babies

We would like to introduce you to Drs. Flood and Harris. Their specialties are Obstetrics, Gynecology, and Murder. Not only do these two men assist women and deliver babies, but they also harm women and kill babies. They do not just use their skills to help bring children into the world, they also use their skills to take children out of the world. Jesus Christ WANTS these two men to turn their lives over to Him and STOP KILLING HIS CHILDREN!! We are asking you to help us expose both Dr. Curtis L. Flood and Dr. Harvey L. Harris Jr. to the powerful Gospel of Christ, to His love and His mercy, so they can use their wonderful gifts and talents to bring life rather than death.

Our desire is that these two men continue bringing babies into the world and stop taking them out.

You may contact them at their office or the clinic in which they perform the abortions:
