

It appears that the political arm of the Christian Right is attempting to save the Republican Party from its own inevitable self-destruction. It cannot be done! The Republican Party has no intention of honoring God or His Word, and God has every intention of bringing this Party to an ignominious end.

The election of Hillary Rodham Clinton as President of the United States of America in 2008, will be the end of a failed Party that sold its birthright for a mess of pottage. It had ample opportunity to stand for God and His Word. For six years it controlled the Presidency, the Senate, and the House, yet it chose to compromise those issues (abortion, homosexuality, Islam) dear to God's heart. It chose peace with the devil, rather than war with him. It chose compromise and cowardice, rather than confrontation and conquest.

Winston Churchill said it best when he confronted Prime Minister Neville Chamberlain with his cowardice in dealing with Adolph Hitler. Chamberlain returned to England proclaiming, "**Peace in our time!**" Churchill responded, "**You had a choice between shame and war. You chose shame, and you will have war.**"

The Republican Party has chosen the way of shame when it should have been at war. It correctly assumed that the Christian Right had no where else to go and therefore could be bought cheap. As the GOP continues to lower the bar for those seeking nomination, the frontrunners for the Republican Party's presidential nomination are pro-abortion.

Pastor Jerry Falwell, a strong political arm of the Christian Right, is having "pro-choice" Rudy Giuliani speak to the graduating seniors at Liberty University in May, 2007. He invited John McCain to speak to last year's graduating class. These two Republicans will never stand for life - they are mere politicians. Pastor Falwell is preparing the way for the Christian Right to vote for a pro-abortion Republican. This may not be his intention, but it will be the result.

Are you astonished at how cheaply we can be bought? Innocent babies are being "legally" slaughtered in abortion mills across this land; homosexuality is parading its sin like Sodom; and Islam (*the religion of peace*) has prostrated Christianity (*the religion of hate*) all under the watchful eye of the Republican Party. The GOP does not value the same things that you and I value. The GOP does not care about you, me, unborn babies, homosexuality, false religions, or our God! So what is a Christian to do? Dr. James Dobson has come up with an idea.

Dr. Dobson has correctly assessed the mess the Republican Party is in, and is trying to salvage its destruction. He has brought forth Newt Gingrich as a possibility to run in the 2008 presidential election. Why Newt? Because he is pro-life (mostly). At least he is pro-life in the way Republicans have always been pro-life. They are pro-life long enough to get our vote - then they are no where to be seen.

But Dr Dobson is on to something. We Christians are waking up to the fact that we

have been bought and sold by the Republican Party. Dobson realizes that if there is not another alternative, Christians will be trapped by their own Party into voting for a pro-death candidate. Or, they will split and fracture the Party (a la Ross Perot in 92) thus opening the door to a Democratic victory.

Why does Dr. Dobson believe a born-again Christian would vote for a pro-death Republican?

Because we all know that anything is better than Hillary!

So Dr. Dobson three weeks ago had Newt on his radio program. Never mind that Newt is working on his third marriage. So what if he has been involved in several affairs over the years - he's pro-life isn't he?

Newt has forfeited all opportunities to have the support of the Church of Jesus Christ because character matters to God. Newt might serve well as an advisor to the president, after he rights the wrongs perpetrated upon others that he was in covenant with. But he has forfeited all rights to hold the highest office in our land. There are unalterable consequences of sin. Newt can be forgiven to be sure. But we must not vote him into the Presidency.

Dr. Dobson is trying to straighten that which God has made crooked. It will not work. God has one word for the Republican

Party and for those trying to fix it -
ENOUGH!

So, that takes us back to Hillary. That's right! **Hillary Rodham Clinton is God's Man!**

Yes, she will be president, but it will not be with the approval and blessing of the Church of Jesus Christ. She will be a sign and a judgment upon the Republican Party, and upon the Church, that the salt has lost its saltiness and is good for nothing.

Hillary's election my friends, is God's doing. **Yes, Hillary Rodham Clinton is God's man!** She is the hammer God is using to bring His Church back to Himself. She is the instrument God is going to use to bring those lost in the Republican Party morass to repentance.

Long before the Republican Party sold its birthright for a mess of pottage, the Church of Jesus Christ surrendered hers to the enemies of Christ. We dare not mention the name of Jesus at any Republican function for fear of being viewed as politically incorrect. We dare not stand where God wants us to stand (on His Word) on issues such as abortion, homosexuality, or Islam for fear of being viewed as unelectable.

We have surrendered, rather than fought hard and lost. We have chosen the path of cowardice and compromise expecting God to honor it. Now we must face the horrible

truth of what we have done and what we have become.

Dr. Dobson and Dr. Falwell are seeking to save the Republican Party. God is presently destroying it from the inside out! It would do these two powerful men of God good to stand down and let God have His way. He wounds us only to bring healing - let the wounding begin and let it begin with me.
