

*"If I profess with the loudest voice and clearest exposition every portion of the truth of God except precisely that little point which the world and the devil are at that moment attacking, I am not confessing Christ, however boldly I may be professing Christ. Where the battle rages, there the loyalty of the soldier is proved, and to be steady on all the battlefield besides is mere flight and disgrace if he flinches at that one point."*

Martin Luther

When the giants roar, it is our Christian duty to run to the roar!

It will be the same as the battle cry of our Founding Fathers, **"No King but King Jesus!"**

Abortion was ushered in by the lie of the devil and it will be ushered out by the truth of the Gospel of Jesus Christ.

Abortion will end when the Church of Jesus Christ rises up, leaves the shelter and comfort of her Church buildings and engages the culture at the very gates of hell.

We are involved in a battle for the heart and soul of our nation. It is time for the Second American Revolution to begin. The giants may roar but the Church of Jesus Christ will prevail!

## Join the Gentle Revolution

Deep Darkness is moving across the face of America. It is a darkness that can be felt. It leaves only death and destruction in its wake. It is squeezing the last breath of liberty from American lungs and the weak are becoming its prey.

- One third of the generation 40 years old and younger has been killed by abortion.
- Euthanasia has become America's solution to caring for the aged and weak.
- That which is evil (homosexuality) is called good, while good (Christianity) is called evil.
- Our nation's wealth is being systematically drained by God Himself.
- Our enemies are ruling over us because we have lost our saltiness.
- Christianity is being prostrated to the level of every other religion—Particularly Islam.
- The Republican Party is pretend salt. We need real salt—God's church!

It is our duty and privilege to bring the Second American Revolution to the streets of America

## There Are Giants in The Land!

**Rochester 2013:** The city has a rich history of Gospel impact. We have a statue of Fredrick Douglas, a reminder that Rochester was a stop on the underground railroad for escaping slaves. We have the Home of Susan B. Anthony, champion of women's suffrage *and* pro-life. Charles Finney held revival meetings here in the early 1830's. The impact was closed bars – empty jails and laid off police, all for lack of business.

There is a more notorious side to Rochester. Joseph Smith left for Utah from this outlying area, to start the Mormon Church. There were race riots in the 60's that destroyed parts of the city. Dr. Quill, from

U of R, made headlines by helping his patient kill herself. Dr. Schaff, pediatrician turned abortionist, reported "false" results of RU-486 trials.

There are at least six known abortion facilities in the Rochester area:

- Strong Memorial Hospital, part of U of R; "requires" abortion training, even for nurses!
- Highland Hospital, bills itself as a baby friendly hospital - yet houses an abortion clinic.
- Lattimore Road Medical Facility, and 2 Planned Parenthood abortion mills.
- The most notorious of all, Dr. Wortman, kills babies in Brighton, a Rochester suburb..

## Most Draconian Abortion Bill Ever

New York Governor Andrew Cuomo just announced he will push through the woman's "Reproductive Health Act", which is the most radical pro-abortion legislation ever to hit our nation. It would:

- Mandate abortion coverage in insurance plans.
- Compel Catholic and evangelical charities and schools to counsel and refer for abortion.
- Compel hospitals to do abortions.
- Allow girls as young as 11 to get the morning after pill without a doctor's prescription or notifying parents.
- Repeal the requirement that only a licensed physician may perform an abortion.
- Remove criminal liability for the physician should the woman die of abortion malpractice.
- Punish "discriminatory" groups who favor childbirth over abortion.

*There **are** giants in the land roaring their epithets and threats but we, like David before us, must run to the roar in the mighty Name of Jesus! Join us in Rochester this summer and let us storm the gates of hell together—they cannot and will not prevail! The giants will fall!*

## We Are Not Waiting:

- For our government to stop abortion
- For Congress to stop abortion
- For our President to stop abortion
- For the Supreme Court to stop abortion
- For another election cycle to end child-killing

**We have a promise from God that the gates of hell will not prevail against His Church. Abortion is a Gospel issue. We win when we storm the gates of hell in Jesus' Name.**

**Abortion will come to an end in America when the Church of Jesus Christ makes up her mind that it will end - and not one second sooner!"**

**Rev. Flip Benham**

## We Win When We Show Up:

The battle for the lives of preborn children is being won as gentle Christians live out their faith in the streets of their cities. Abortion is not a political issue. It is preeminently a Gospel issue.

When gentle Christians allow the theology of heaven to become biography in the streets, we win! The heart of our nation is changing toward the unborn child. The truth concerning the sanctity of life is overcoming the lie of abortion.

Join us as we, "...plead the case of the fatherless to win it," by bringing King Jesus to Rochester, New York, July 24-31, 2013.
